

REDMOND ELECTRICAL CODE

CHAPTER 15.12 REDMOND MUNICIPAL CODE

NATIONAL ELECTRICAL CODE 2002 Edition

Effective July 1, 2004

Chapter 15.12

ELECTRICAL CODE

Sections:

- 15.12.010 Short Title.**
- 15.12.020 Adoption.**
- 15.12.030 Public Inspection.**
- 15.12.040 Deletions.**
- 15.12.050 Amendments.**
- 15.12.060 Penalties for Violations.**

15.12.010 Short Title.

This Chapter and amendments hereto shall constitute the "Electrical Code" of the City and may be cited as such.

15.12.020 Adoption.

The National Electrical Code (NFPA 70), 2002 edition, published by the National Fire Protection Association, with the additions, deletions and exceptions as set forth in Chapter 296-46B of the Washington Administrative Code are hereby adopted by this reference and incorporated herein as if set forth in full as the Electrical Code for the City, except such portions as may be deleted, modified or amended by this chapter.

The Building Official may use the annexes for guidance in interpreting and administering the Electrical Code and the provisions of this chapter. Further, the following annex chapters are specifically adopted:

Annex A, Product Safety Standards;

Annex B, Application Information for Ampacity Calculation; and

Annex C, Conduit and Tubing Fill Tables for Conductors and Fixture Wires of the Same Size.

15.12.030 Public Inspection.

The City shall at all times keep on file with the City Clerk, for reference by the general public, not less than one copy of the Codes and resolutions, or parts thereof, as herein adopted by reference, together with the amendments and supplements thereto herein made a part of this Chapter.

The copies of the Codes on file may be placed by the City Clerk in the custody of the Building Official in order to make them more readily available for inspection and use by the general public.

15.12.040 Deletions.

The following sections of the National Electrical Code, 2002 edition, are hereby deleted:

Delete Article 80 - Administration and Enforcement

The following sections of Washington Administrative Code Chapter 296-46B, Electrical Safety Standards, Administration and Installation, are hereby deleted:

Delete References to fees in WAC 296-46B-905, 296-46B-910 and 296-46B-911.

15.12.060 Penalties for Violations.

Any person who violates a provision of this code or fails to comply with any of the requirements thereof or who erects, constructs, alters or repairs a building or structure electrical system in violation of the approved construction documents or directive of the building official, or of a permit or certificate issued under the provisions of this code, shall be subject to the penalties provided for in Redmond Municipal Code 1.01.110 and Chapter 1.14 Redmond Municipal Code, as said section currently exists or is hereafter amended, modified or recodified.

2002 NATIONAL ELECTRICAL CODE

90.4(A) Administration. The amended administrative provisions of the International Building Code, Section 15.08.050 Redmond Municipal Code, shall apply.

90.4(B) Basic Electrical Work. The Basic Electrical Work definition and classification as specified in RCW 19.28.006.

90.4(C) Inspections. The installation, alteration or extension of any electrical system, fixtures or components for which an Electrical Permit is required by this Code shall be subject to inspection by the Building Official and such electrical systems, fixtures and components shall remain accessible and exposed for inspection purposes until approved by the Building Official. It shall be the duty of the permit applicant to cause the electrical systems to remain accessible and exposed for inspection purposes. The City shall not be liable for any expense entailed in the removal or replacement of material required to permit inspection. Electrical systems and equipment regulated by the National Electrical Code shall not be connected to the energy source or energized until authorized by the Building Official.

90.4(D) Special Inspections. The Building Official may require special inspection of equipment or wiring methods where the installation requires special training, equipment, expertise, knowledge, or other such factors. Where such special inspection is required, an independent third party acceptable to the Building Official shall perform it. The special inspection person/agency shall be designated and approved prior to beginning the installation of wiring or equipment. The Building Official prior to the installation being approved shall receive a written report from the designated special inspection agency indicating that the installation conforms to the appropriate Codes and standards. All costs for such testing and reporting shall be the responsibility of the permit holder.

90.4(E) Unused Conductors. Electrical conductors not in use shall be removed unless otherwise authorized by the Building Official.

90.4(F) Corrections. If, upon inspection, any installation is found not to be fully in conformity with this Code, the Building Official shall at once forward to the person, firm, or corporation making the installation a written notice stating the defects that have been found to exist. Correction of these defects shall be made within 15 days.

90.4(G) Approval of Violations. Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of the National Electrical Code or other laws or ordinances of the City. Inspections presuming to give authority to violate or cancel provisions of the National Electrical Code or other laws or ordinances of the City shall not be valid.
